

# WHAT'S NEW AT MIS?

## Welcome!

Several new families joined us recently: Rose, Sam and Willa from Australia; Shreya from Singapore; Idris in Miss-Anne-Cecile's class, Kelthoum and Alexandre in our KS1 Wednesday group, Isabel and Oliver from Holland and Tom, Olivia, Sarah and Abdullah in Miss Marie's class. A heartfelt welcome to all these new children and their families, who have already started settling in very well!

We would also like to wish all the best to George and Amelia who will be moving to London and to Vibu moving back to India soon.

## Young Authors

Our Primary and Secondary students will be participating in a writing competition this month!

All students will be working with their English teachers to create their own original story, independently applying the tools they have been learning about in class. Once the manuscripts are completed and typed up, the students will illustrate their stories and create their own book cover! A jury composed of several members of the teaching staff will select a winner in each year group.

This year, we have decided to add an additional thrill to the competition by submitting the stories to the Young Authors Fiction Festival 2021 organized by the American Library in Paris.
