

# THE MALHERBE MONTHLY

The wonder of Winter continued with Preschool and Nursery children having lots of fun finding out about the snowy season, taking the theme of one of their favourite films, Frozen, as a pretext to their learning! Year 1 and 2 explored the Arctic through its animals - foxes, seals, polar bears, oh my!

With the event of the Asian New Year on the 25th of January students enjoyed a themed meal in the canteen on the Thursday before this date. This was a great lead into the topic which was explored by classes in various ways - parent and student presentations explaining the special day, artwork and more. A particular focus on friendship and taking care of loved ones was implemented with the advent of Valentine's Day and much 'art with heart' was created to give to the special people around us.
